

Hamilton SC-5050

Hamilton Electronics presents the SC-5050 DVD Boombox. This is a full-featured programmable DVD/CD player, cassette player/recorder and AM/FM radio. The cassette player will record from CD, radio or the built-in microphone. The SC-5050 is built with classroom use in mind with a rugged design and attractive silver and blue housing. 6 headphone jacks are built in to the SC-5050 for listening center use. 2 full-range speakers deliver rich sound to go along with the high quality video provided by the DVD player
